

## **Annual report of Eight Crèches from 1st April 2019- 31<sup>st</sup> March.2020**

*Gratitude unlocks the fullness of life. Yes We the crèche children along with their parents, Staff of NJMPK ,co-ordinator Kannigai,along with Franciscan Servants of Mary sisters express with a grateful heart to thank you sincerely , our dear Donors for your generous aid to implement this Creche project in eight slums of Bangalore. It is only with your kind and generous help we were able to assist these poor marginalized children to give them a suitable foundation for their future by taking good care of them. We thank you wholeheartedly our dear funders, Stitching- Bangalore ,Rotary-Deldon,Lakeside Rotary Bangalore and all the other Donors, for helping, assisting, providing nutritious food and educating these underprivileged poor kids. Only due to your kind gesture of intervention these children will have a bright future, otherwise these children would have been closed up in between the four walls of their huts, or in the streets while their mothers are away for their domestic work, or any coolie work. But only due to your financial help, these mothers are able to leave their child in the crèche and earn peacefully for their livelihood.*

*Our hearts are full of gratitude for the almighty for working in such a wonderful manner for helping us in caring these 390 tiny tots for their bright future. We the society of Franciscan Servants of Mary, (FSM SISTERS) along with our Provincial Superior-Sr. Miriam,Sr Shiji, the Bursar thank you specially Madam Jeannette, the President, AnsKeus the founder, all the executive members of STITCHING BANGALORE, President and the Executive members of Rotary Delden and Lakeside Rotary Bangalore, for your love concern and thoughtfulness and funding this project. We honestly acknowledge that it is a God given Opportunity and privilege to serve these poor, down-trodden children who have no place in the society. The frequent information from the president Jeannette and Founder AnsKeus were really a boost to lift our spirit to give ourselves totally for their welfare.*

*I Can honestly say that the visits we had from ( dated from 16<sup>th</sup> April to 20<sup>th</sup> April 2019) our President of Stitching Bangalore- Madam Jeannette and her Husband Mr.Peterslabrijn brought us overwhelming joy and happiness. Our children and their parents were very much excited to see them. Their Love, concern and encouragement made all the teachers to work more with renewed fervor, and revived their spirit. They had brought gift, and-- toys for each child which is really praiseworthy. The meetings and the sharing with the mothers of all the crèches individually, gave them the awareness about the good creative activities going on in the crèches for the integral development of the crèche children. The initial meeting as well as the send-off gathering of the staff were very effective.They had an open sharing of their success and problems.*
